

Alachua County Public Schools District-Wide Title I Parent and Family Engagement Plan

ACPS Commitment to Parent and Family Involvement in the School Program

The School Board of Alachua County recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The Elementary and Secondary Education Act (ESSA), as amended by the "Every Student Succeeds" Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare). This definition is consistent with F.S. 1000.21, which defines the term "parent" as "either or both parents of a student, any guardian of a student, any person in a parental relationship to a student, or any person exercising supervisory authority over a student in place of a parent".

For purposes of this policy, the term "family" is used in order to include a child's primary caregivers, who are not their biological parents, such as foster caregivers, grandparents, other family members, and/or responsible adults who play a significant role in providing for the well-being of the child.

In cultivating partnerships with families and communities, the Board is committed to the following:

- a. Relationships with Families
- a. Effective Communication
- b. Volunteer Opportunities
- c. Learning at Home
- d. Involving Families in Decision-Making and Advocacy
- e. Collaborating with the Community

Engagement of Families

The District will involve parents and families in the review, planning, and development of the Title I programs including the:

- School Improvement Process
- District Parent and Family Engagement Plan (DPFEP)
- Activity Funding for Parent and Family Engagement (PFE)

Title I families will be invited through periodic notices, personal and written contacts, school marquee announcements, posters, Apptegy messaging, website postings, and surveys to participate in activities to identify goals and/or discuss funding allocations and decisions regarding District Parent and Family Engagement activities. Annual surveys specific to each school will be provided to school community stakeholders, especially parents, to glean feedback from the school's community about the effectiveness of PFE activities as well as ideas for future parent and family engagement activities.

School-based Title I Annual Meetings are held at the start of the school year, usually within 30 days of the start of the school year as practicable. These meetings, conducted by the school Principal and Title I staff, are intended to inform families of their school's participation in a School-wide or Targeted Assistance Title I program. Mid-year meetings will be considered by school administration as practicable for their site and community.

School-Level Parent and Family Engagement Meetings convene in the Spring of each year during which focus groups discuss activities and funding, identify goals and objectives, and review input collected through written surveys and minutes from school-level SAC or Parent/Family Input Meetings. The District Parent and Family Engagement Committee uses the activity evaluations and survey information from individual schools for the review and revision of the District Family and Parent Engagement Plan.

As required, a percentage of the district's Title I allocation will be set aside for Parent and Family Engagement. School-based Parent and Family Engagement allocations are used for activities designed to meet the specific needs of students and families at each school. These activities are identified and developed through an overall consensus during the review process and in conjunction with School Advisory Councils or Charter School Boards as applicable.

The District will provide coordination, technical assistance, and other supports necessary to assist Title I schools in planning and implementing effective parent and family engagement activities which build the capacity of families to improve the academic achievement of their child and overall school performance through the following activities:
